INTRODUCTIONS

NNCC and HCCN History
HCCN Staff
HRSA’s HCCN Program
NNCC and HCCN Background

- 501(c)3 non-profit organization providing technical assistance and training services to member health centers for 20 years
- Since 2008 has held a National Cooperative Agreement with HRSA to provide TA services to FQHCs and other safety-net providers
- Administering the K2Q HCCN project on behalf of the participating health centers
- Provides day-to-day project management, program planning and critical activities of the K2Q HCCN
- Reports to PHMC on program activities and fiscal operations
National Nurse-Led Care Consortium

What is a Health Center Controlled Network?

- A group of safety net providers collaborating to improve access to care, enhance quality of care, and achieve cost efficiencies.
- Often began as purchasing groups
- Typically aligned geographically or around shared EHR system
- Sometimes costs associated for membership
- Participating health centers set goals and objectives for the HCCN to meet their needs
HRSA’s HCCN Program

- HRSA funds 50 HCCNs across 41 states and PR
- Over 70% of Health Center Grantees participating
- Only 12 of 50 HCCNs are multi-state like ours
- Support HRSA goals and objectives:
  - Adopt and implement health IT systems
  - Enhance comprehensive data collection and reporting
  - Meet requirements of the Meaningful Use EHR Incentive Program
  - Improve clinical and operational quality, reduce costs and improve health outcomes
KEYS TO QUALITY HCCN
BACKGROUND AND DETAILS

Mission
HCCN and the Healthcare Environment
K2Q HCCN Membership
K2Q HCCN Mission

**Mission:** Strengthen the health IT and quality improvement capacity of participating health centers through individualized and peer technical assistance and internal capacity building.

**Summary of the K2Q HCCN Program:**
- Public Health Management Corp is the official grantee
- National Nurse-Led Care Consortium administers project
- Maintaining focus on individualized assessments and work plans to address member need
- More of a focused menu of customizable activities
- Activities and services to help prepare members for the growing role of health IT in healthcare environment
K2Q HCCN Activities

- Monthly check-ins: Short, monthly meetings with each health center member to discuss ongoing projects, health center needs, and HCCN resources
- Bi-Monthly Advisory Committee Calls: Bi-monthly online meetings to review big-picture HCCN projects and share updates and new resources
- Annual Member Survey: An annual survey of member health center capabilities and needs as relates to health IT, quality reporting, and more
- Technical Assistance and Training: Support provided by HCCN staff or through 3rd party consultants for individualized projects or peer-training activities
Changing Healthcare Environment

- K2Q HCCN programming preparing members for a changing healthcare environment
- **CMS’ Quality Payment Program** – first major foray into value-based reimbursement:
  - Report on the quality of care being delivered
  - Report on the quantity of care being delivered (FFS element)
  - Report on quality improvement activities of your practice
  - Use health IT to support quality and report results (Meaningful Use element)
- Federal agencies have indicated the skills necessary to succeed in this new healthcare environment
- K2Q HCCN Goals, Focus Areas and Activities geared towards these skills and competencies

KEYS TO QUALITY HCCN GOALS AND PROJECTS

Goals and Focus Areas
Activities for HCCN Members
Specific Projects to Consider
Keys to Quality HCCN Goals

- K2Q HCCN work plan focused on core elements necessary for effective use of health IT moving forward

<table>
<thead>
<tr>
<th>Goals:</th>
<th>Focus Areas:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Core A: Ensure Health IT Implementation and Meaningful Use</td>
<td>A1: Certified EHR Adoption and Implementation</td>
</tr>
<tr>
<td>Core B: Support Data Quality and Reporting</td>
<td>B1: Data Quality</td>
</tr>
<tr>
<td>Core C: Facilitate Health Information Exchange and Population Health Management</td>
<td>C1: Health Information Exchange</td>
</tr>
<tr>
<td>Core D: Provide Quality Improvement Services</td>
<td>D1: Clinical Quality Improvement</td>
</tr>
</tbody>
</table>
# K2Q HCCN Activities

- **Core A: Health IT Implementation and Meaningful Use**

<table>
<thead>
<tr>
<th>Goal (due 7/31/19):</th>
<th>Activities (due 7/31/18)</th>
</tr>
</thead>
</table>
| A1: Increase the percentage of Participating Health Centers with an ONC-certified EHR system in use to 100% | A1a: Develop EHR super users and ongoing training plans for all PHCs  
A1b: Support annual privacy and security audits for all PHCs  
A1c: Develop HIPAA compliant privacy and security policies for all PHCs with HHE tool |
| A2: Increase the percentage of Meaningful Use eligible providers at Participating Health Centers receiving incentive payments from CMS for meeting MU to 100% | A2a: Develop MU attestation programs for all PHCs to address admin as well as programmatic barriers to attestation  
A2b: Identify best practices related to portal adoption. Develop best practices and resources to support patient engagement via the portal. Support development of portal training for providers. Identify vendors to support patient engagement through portals. |
## K2Q HCCN Activities

### Core B: Data Quality and Reporting

<table>
<thead>
<tr>
<th>Goal (due 7/31/19):</th>
<th>Activities (due 7/31/18)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Goal B1: Increase the percentage of PCHs that electronically extract data from an EHR to report all UDS Clinical Quality Measure data on all of their patients to 100%</td>
<td>B1a: Support data validation projects for all PHCs and creation of remediation work plans</td>
</tr>
<tr>
<td>B2: Increase the percentage of PHCs generating quality improvement reports at the site and clinical team levels to 100%</td>
<td>B2a: Facilitate trainings and HIT customizations for provider dashboards.</td>
</tr>
<tr>
<td>B3: Increase the percentage of PHCs that integrate data from different service types and/or providers to 100%</td>
<td>B3a: Develop data integration plan for non-clinical data</td>
</tr>
</tbody>
</table>
### K2Q HCCN Activities

#### Core C: HIE and Population Health Management

<table>
<thead>
<tr>
<th>Goal (due 7/31/19):</th>
<th>Activities (due 7/31/18)</th>
</tr>
</thead>
<tbody>
<tr>
<td>C1: Increase the percentage of PHCs that improve care coordination through health information exchange with unaffiliated providers or entities to 100%</td>
<td>C1a: Provide project management and HIT customizations to connect all PHCs to local HIE projects</td>
</tr>
<tr>
<td>C2: Increase the percentage of PHCs using health information exchange to support population health management to 100%</td>
<td>C2a: Roll out a training introducing key staff to PHM through an online, self-paced platform. Adapt an online training for HCCN.</td>
</tr>
</tbody>
</table>
# K2Q HCCN Activities

- **Core D: Quality Improvement**

<table>
<thead>
<tr>
<th>Goal (due 7/31/19):</th>
<th>Activities (due 7/31/18)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Goal D1:</strong> Increase the percentage of PHCs that meet or exceed HP2020 goals on at least five selected UDS CQMs to 100%</td>
<td>D1a: Develop HCCN CQM tracking and monitoring program for 5 identified CQMs</td>
</tr>
<tr>
<td><strong>D1b:</strong> Support diabetes management project for HCCN members through online, self-paced training</td>
<td></td>
</tr>
<tr>
<td><strong>D2:</strong> Increase the percentage of PHCs that improved the value, efficiency, and/or effectiveness of health center services to 100%</td>
<td>D2a: Develop tools and resources to support telehealth capability and billing processes</td>
</tr>
<tr>
<td><strong>D2b:</strong> Roll out a training introducing key staff to value-based payment through an online, self-paced platform. Adapt an online training for HCCN.</td>
<td></td>
</tr>
<tr>
<td><strong>D3:</strong> Increase the percentage of PHC sites that have current PCMH recognition to 100%</td>
<td>D3a: Provide education for NCQA 2017 Standards and Joint Commission</td>
</tr>
<tr>
<td><strong>D3b:</strong> Provide hands-on project management support for PCMH applications</td>
<td></td>
</tr>
</tbody>
</table>
Satisfaction with HCCN Services

- High level of satisfaction with activities as well as skills of HCCN staff
Progress towards work plan

- Made progress towards HCCN goals
- PCMH didn’t budge for member health centers
- Want to improve on this in the future
HCCN Support

• Do not hesitate to reach out to HCCN staff for support for any reason – if we can’t help, we can find someone who can

• Contact these folks for:
  • Casey (calrich@nncc.us) for general inquiries about HCCN support, staff training opportunities, vendor inquiries, connection to consultants, quality improvement programming
  • Jennifer (jmcgalliard@phmc.org) for Meaningful Use training and support, privacy and security questions, logistical questions/requests for meetings
  • Grace (grace@nncc.us) for quality measure reporting assistance, EHR/EPM application management questions, support for health information exchange
